

ONLINE SURVEY SYSTEM

Created by: Tyrone Chandler

Demo link:

https://iu.mediaspace.kaltura.com/media/t/1_dlddr196

Project site:

https://github.com/tychandler/Final_OnlineSurveySystem

What it does

The system lets users create surveys, add open ended, multiple choice, and yes/no questions, collect anonymous responses, review basic results, and export data. The project still uses a simplified workflow instead of advanced account or setup features.

Best for: instructors, student groups, and small organizations.

Collect
Feedback
Faster
Create
Respond
Review

System requirements

Java installed

Computer that can run Java programs

Project files or JAR file

Internet only needed for GitHub/demo link

Core features

Create survey

Set a title, description, and question list.

Question types

Add open ended, multiple choice, and yes/no questions.

Anonymous responses

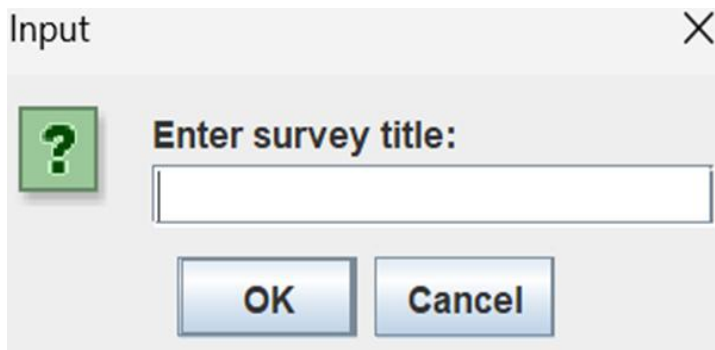

Accept submissions with no login required.

CSV export

Download response data for simple reporting.

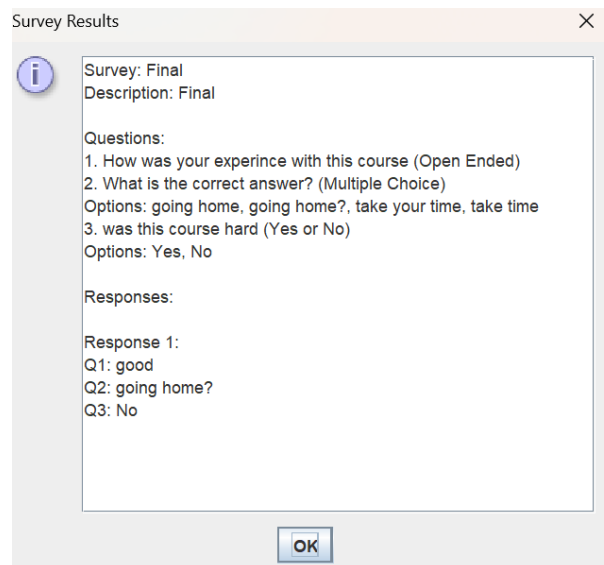

Sample screens

Survey builder

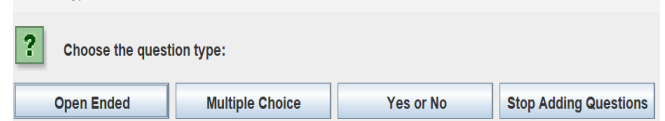

The screenshot shows a dialog box titled "Input" with a close button (X) in the top right corner. Inside the dialog, there is a green square icon with a white question mark. To the right of the icon, the text "Enter survey title:" is displayed above a text input field. Below the input field, there are two buttons: "OK" and "Cancel".

Results dashboard

The screenshot shows a dialog box titled "Survey Results" with a close button (X) in the top right corner. Inside the dialog, there is a purple circular icon with a white 'i'. To the right of the icon, the text "Survey: Final" and "Description: Final" is displayed. Below this, the text "Questions:" is followed by a list of three questions: "1. How was your experience with this course (Open Ended)", "2. What is the correct answer? (Multiple Choice)", and "3. was this course hard (Yes or No)". Below the questions, the text "Options: Yes, No" is displayed. Below this, the text "Responses:" is followed by the text "Response 1:" and a list of three responses: "Q1: good", "Q2: going home?", and "Q3: No". At the bottom of the dialog, there is an "OK" button.

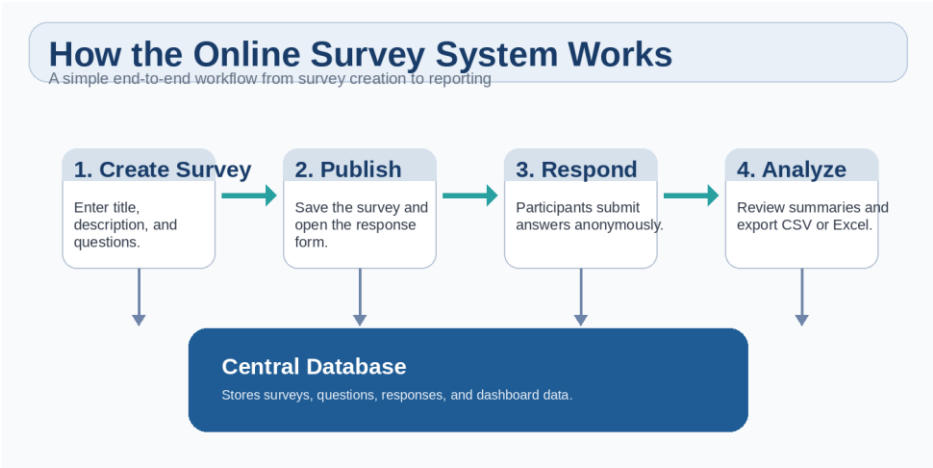

Question Type

The screenshot shows a dialog box titled "Question Type" with a close button (X) in the top right corner. Inside the dialog, there is a green square icon with a white question mark. To the right of the icon, the text "Choose the question type:" is displayed. Below this, there are four buttons: "Open Ended", "Multiple Choice", "Yes or No", and "Stop Adding Questions".

Workflow

System workflow

Current status
Core workflow is implemented.
No advanced login or account management.
Includes open ended, multiple choice, and yes/no questions.
Focus on create, respond, review, and export.
